70a 

A cross-sectional view of a curved member 78a. The member has a top surface 79a that is curved downwards, forming a shallow arc. The bottom surface is a straight horizontal line. The member is shown in a perspective view, with the top surface 79a being the upper boundary of the curved shape.

Fig. 6a

70b 

This diagram shows a cross-sectional view of a second embodiment of the device. It features a substrate 78b with a wavy top surface 72b. A layer 79b is disposed on the wavy top surface 72b. An arrow points to the wavy top surface 72b.
